

Cookie Policy

This document informs Users about the technologies that help this Website to achieve the purposes described below. Such technologies allow the Owner to access and store information (for example by using a Cookie) or use resources (for example by running a script) on a User's device as they interact with this Website.

For simplicity, all such technologies are defined as "Trackers" within this document – unless there is a reason to differentiate.

For example, while Cookies can be used on both web and mobile browsers, it would be inaccurate to talk about Cookies in the context of mobile apps as they are a browser-based Tracker. For this reason, within this document, the term Cookies is only used where it is specifically meant to indicate that particular type of Tracker.

Some of the purposes for which Trackers are used may also require the User's consent. Whenever consent is given, it can be freely withdrawn at any time following the instructions provided in this document.

This Website uses Trackers managed directly by the Owner (so-called "first-party" Trackers) and Trackers that enable services provided by a third-party (so-called "third-party" Trackers). Unless otherwise specified within this document, third-party providers may access the Trackers managed by them.

The validity and expiration periods of Cookies and other similar Trackers may vary depending on the lifetime set by the Owner or the relevant provider. Some of them expire upon termination of the User's browsing session.

In addition to what's specified in the descriptions within each of the categories below, Users may find more precise and updated information regarding lifetime specification as well as any other relevant information – such as the presence of other Trackers - in the linked privacy policies of the respective third-party providers or by contacting the Owner.

Activities strictly necessary for the operation of this Website and delivery of the Service

This Website uses so-called "technical" Cookies and other similar Trackers to carry out activities that are strictly necessary for the operation or delivery of the Service.

Other activities involving the use of Trackers

This Website uses Trackers to provide a personalized user experience by improving the quality of preference management options, and by enabling interaction with external networks and platforms.

We use following types of cookies and similar technologies:

1. Strictly necessary cookies or similar technologies.

They are essential in order to enable you to move around Our websites and apps and use their features, such as accessing secure areas. Without them, services like enabling appropriate content based on your type of device cannot be provided.

2. Performance cookies or similar technologies.

They collect information about how you use Our websites and apps, so that We can analyze traffic and understand Users' interactions. We may use third party service providers such as Google Analytics, who may use their own cookies or similar technologies, for this purpose.

3. Functionality cookies or similar technologies.

They allow Our websites and apps to remember choices that you make (such as your user name, or the region you are in) and provide enhanced, more personal features. They can also be used to remember changes you have made to text size, fonts and other parts of web pages that you can customize. They may also be used to provide services you have asked for, such as watching a video or commenting on a blog.

5. Advertising cookies or similar technologies.

Some of Our websites or apps may use a third party advertising networks to deliver targeted advertising. They may also have the capability to track your browsing across websites and apps.

We also use cookies and other technologies:

- (i) to provide, develop, maintain, personalize, protect, and improve Our websites, products, apps, services and video games, and to operate Our business;
- (ii) to perform analytics, including to analyze and report on usage and performance of Our content and marketing materials;
- (iii) to protect against, identify, and prevent fraud and other unlawful activity;
- (iv) to create aggregate data about groups or categories of our users;
- (v) to synchronize users across devices, affiliates, and trusted partners; and
- (vi) for Us and our affiliates, and trusted partners to target, offer, market, or advertise products, apps, services or video games. Cookies and other technologies also facilitate, manage, and measure the performance of advertisements displayed on or delivered by or through Us.

How to manage preferences and provide or withdraw consent

There are various ways to manage Tracker related preferences and to provide and withdraw consent, where relevant:

Users can manage preferences related to Trackers from directly within their own device settings, for example, by preventing the use or storage of Trackers.

Additionally, whenever the use of Trackers is based on consent, Users can provide or withdraw such consent by setting their preferences within the cookie notice or by updating such preferences accordingly via the relevant consent-preferences widget, if available.

It is also possible, via relevant browser or device features, to delete previously stored Trackers, including those used to remember the User's initial consent.

Other Trackers in the browser's local memory may be cleared by deleting the browsing history.

With regard to any third-party Trackers, Users can manage their preferences and withdraw their consent via the related opt-out link (where provided), by using the means indicated in the third party's privacy policy, or by contacting the third party.

Locating Tracker Settings

Users can, for example, find information about how to manage Cookies in the most commonly used browsers at the following addresses:

- Google Chrome
- Mozilla Firefox
- Apple Safari
- Microsoft Internet Explorer
- Microsoft Edge
- Brave
- Opera

Users may also manage certain categories of Trackers used on mobile apps by opting out through relevant device settings such as the device advertising settings for mobile devices, or tracking settings in general (Users may open the device settings and look for the relevant setting).
